Download Digital Edition 4.5.1 *Macintosh (22MB)*

Download Digital Edition 4.5.1 *Windows (8.15MB)*

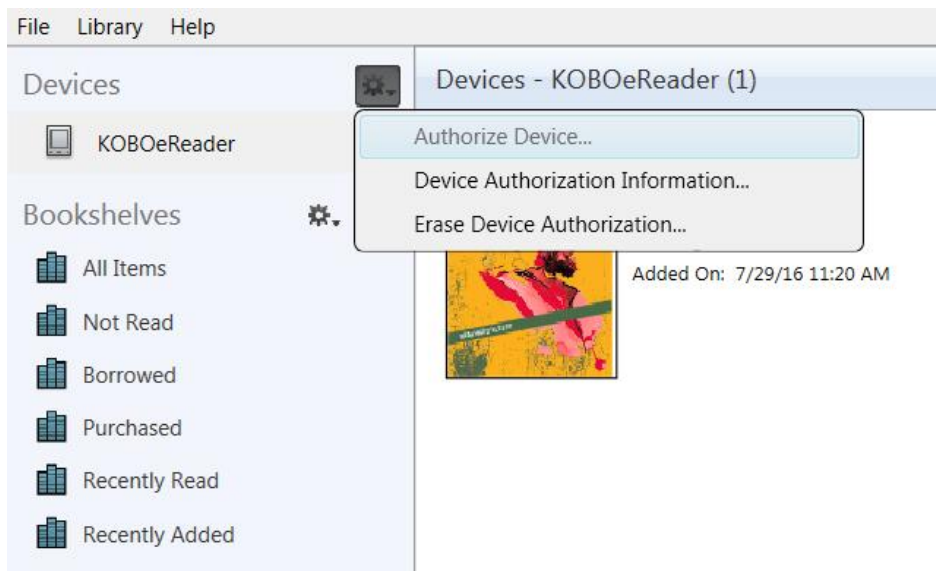

Seamless fulfillment of books across devices: With new version of ADE 4.5.1, when a consumer fulfills a book on one device, the book will be automatically downloaded to all the other devices that belong to this consumer (activated using the same user ID).

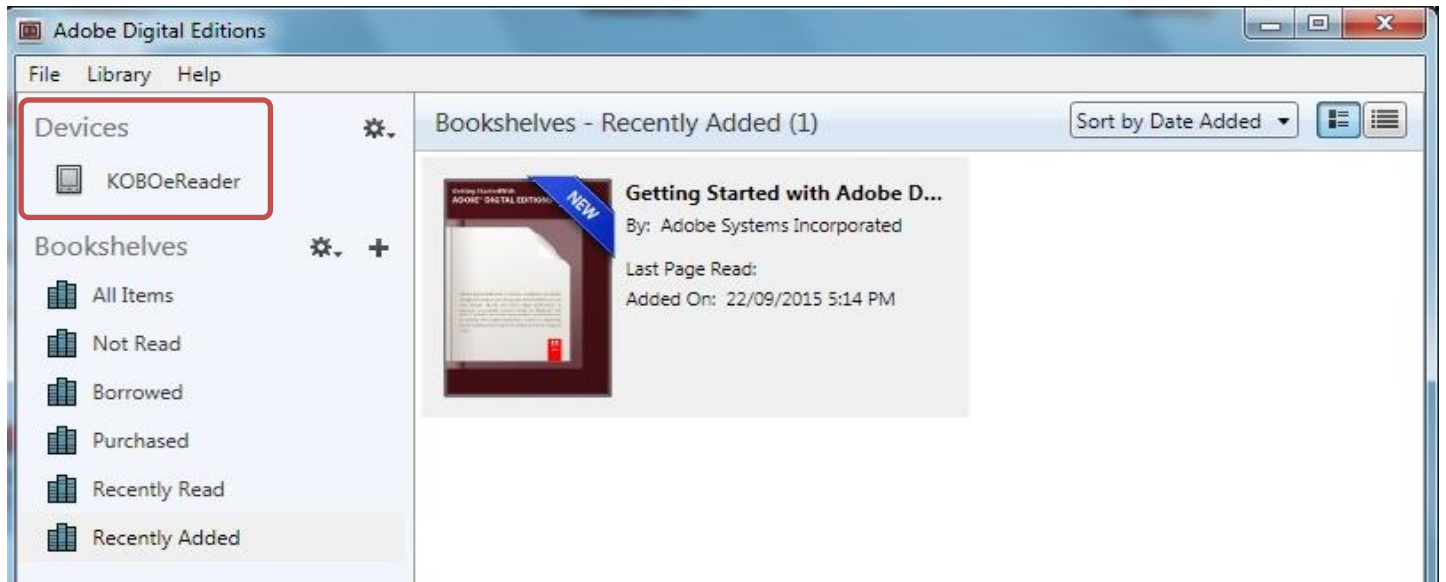

- 5) Once adobe has been downloaded, you have to authorize the computer with an adobe ID. You may already have one, or need to create one. Once you have made the ID, make sure to write down the username and password so that in the future if you change computers you will be able to run this setup again.

- 6) Connect your device to the computer, you will need to authorize your device to your Adobe ID

- 7) After both have been authorized, you will be able to add books to your device through the program. ** This can only be done when the device is physically connected to your computer **

- 8) When you are in your Adobe bookshelf, click on the cover of the book and drag it to the eReader. This will add the book to your device
9) Make sure not to disconnect your device until after the transfer is completed
